

WELL-THOUGHT-OUT ACCESSORIES

ACCESSORIES

PLANAM – DOWN TO THE LAST DETAIL

Numerous jobs, even more challenges: Against this backdrop, not only suitable, smart workwear is required, but also well-thought-out details are important, in order to do justice to the tasks of everyday working life. That is why our range of accessories offers you numerous extras.

When the job has to be done in the freezing cold of winter, warm accessories are a must. With hats and loops made of knitwear and fleece, you are always well wrapped-up. We also have the right answer for extreme sub-zero temperatures in cold storage and freezer facilities – in the form of caps equipped with the 3MTM-Thinsulate™ insert for perfect thermal insulation.

Our practical helpers support you in your work every day.

Seamlessly adjustable belts ensure the perfect fit of trousers. Thanks to practical tool pockets, hammers and the like are always at hand and ready for use. EN 14404-compliant knee pads protect the knees when working on the ground.

Practical belt buckle
With integrated bottle opener

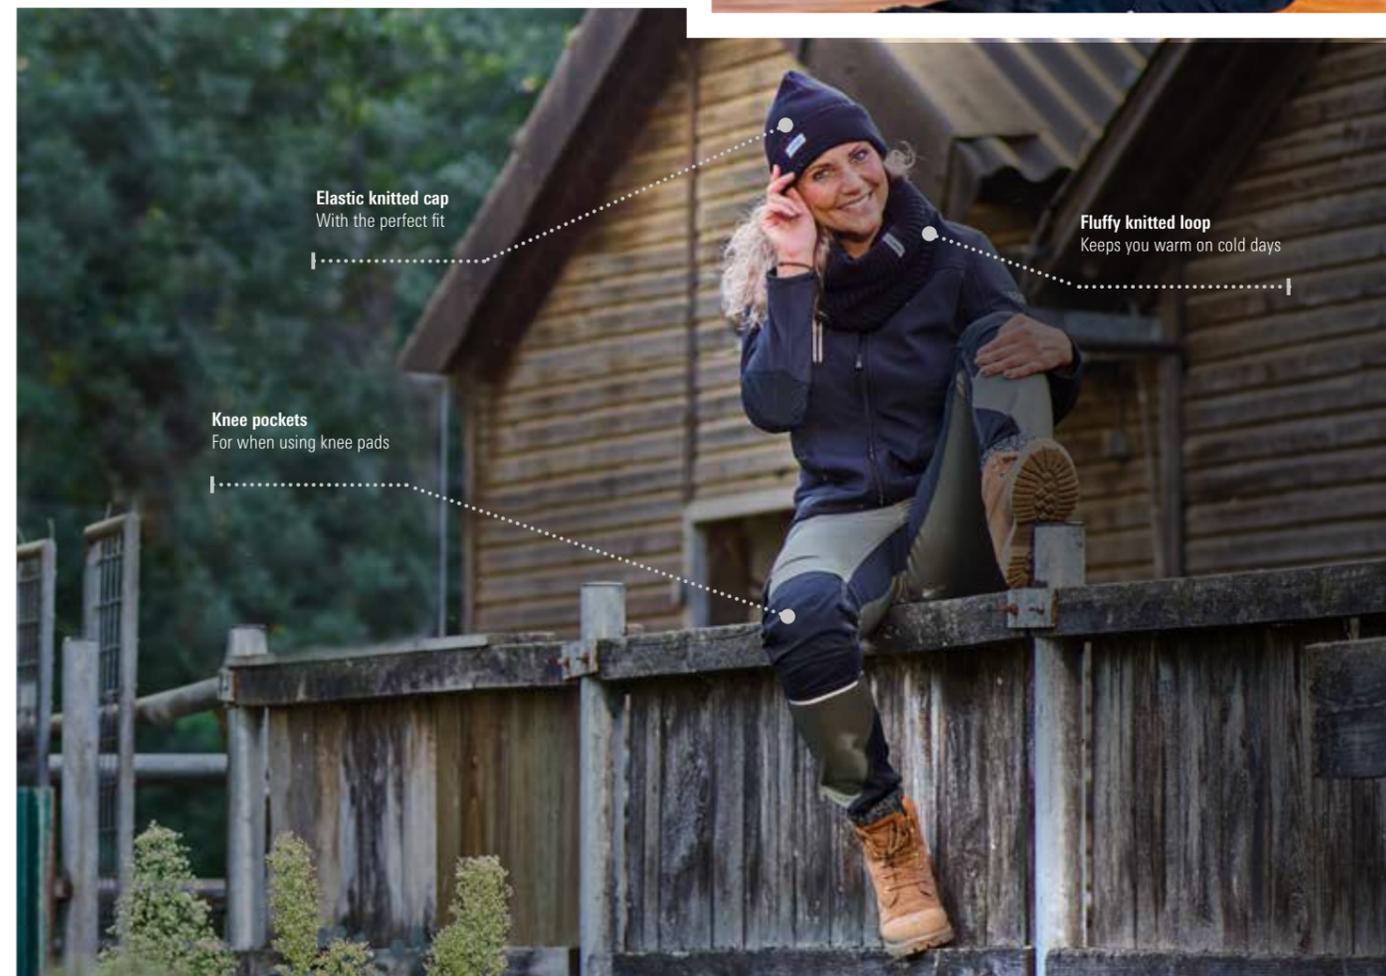

Tool bag for trousers
With numerous compartments for utensils

Elastic knitted cap
With the perfect fit

Fluffy knitted loop
Keeps you warm on cold days

Knee pockets
For when using knee pads

STANDARDS & CERTIFICATION

DIN EN 14404 KNEE PROTECTION FOR WORKERS KNEELING DOWN

Working in a kneeling position creates constant pressure on the knee. Knee protection is designed to distribute the forces produced evenly across it. In addition to this, it is designed to prevent injuries or damage caused by hard surfaces, small stones or similar objects lying on the ground.

Knee protection is subdivided into 4 types:

- Type 1: Knee protection that is separate from clothing and fastened to the leg.
- Type 2: Pads inserted into pockets on trouser legs or permanently attached to the trousers.
- Type 3: Equipment that is not attached to the body.
- Type 4: Knee protection forming part of a unit with additional functions.

In addition to this, there are three performance classifications:

- Level 0: No protection against punctures.
- Level 1: The knee protection is suitable for even ground where there is no risk of objects over 1 cm in height.
- Level 2: The knee protection is for use in challenging conditions, such as for example when kneeling on stones in mines or quarries.

The PLANAM knee pad product no. 9901027 is certified as Type 2, Level 1/ Level 0 knee protection. This certification only applies in conjunction with PLANAM trousers, dungarees or overalls and cannot be transferred to other products.

3M™ THINSULATE™ INSULATION

3M™ Thinsulate™ Insulation – a modern fibre technology with functional and insulating properties that are setting new standards. The combination of 1-layer polyester padding and 2-layer 3M™ Thinsulate™ insulating finish creates a combination of materials that is unrivalled. The cold doesn't stand a chance here.

PERSONALISATION IN NEXT TO NO TIME

Workwear is advertising space for your logo and acts like a business card for your company. Personalisation ensures a recognisable and positive company image. Our finishing service brings your message to a wider audience in a customised, professional and fast manner.

PLANAM Individual specialises in personalising your workwear. From reflective appliqués to transfer prints and embroidery, we offer multiple personalisation options of the highest quality. Whether you need small quantities for handcraft businesses or large runs for industrial companies – our team of experts are on hand to provide you with personal advice and detailed information about the optimal finishing types for our products. This also includes finishing options with methods specifically adapted to the certification requirements of certified protective clothing.
